Membership Overview

Altrua HealthShare is an escrow agent that administers voluntary sharing of health care needs for qualifying members. Members of Altrua HealthShare share a common set of ethical or religious beliefs (Statement of Standards) and share medical expenses among themselves in accordance with those beliefs.

Altrua HealthShare uses a widely accepted definition of “religion” as defined by Merriam Webster: “A personal set or institutionalized system of religious attitudes, beliefs and practices.” The *membership* ethics and beliefs are based on the historical narrative in the Bible. *Members* agree to live by the lifestyles, values, and traditions addressed in the Bible and agree to adhere to and sign the *Statement of Standards* based thereon. The *membership* does not subsidize self-destructive behaviors and lifestyles, but is specifically tailored for individuals who maintain a healthy lifestyle, make responsible health care choices, and believe in helping others. The *membership* is NOT health insurance.

A The Purpose and Use of the Membership Guidelines

The guidelines are provided as an outline for *eligible needs* in which contributions are shared in accordance with the *Escrow Instructions*. They are not for the purpose of describing to potential *members* what amounts will be shared on their behalf, and do not create a legally enforceable right on the part of any *member*. Neither these guidelines, nor any other arrangement between *members* and Altrua HealthShare, creates any rights for any *member* as a reciprocal beneficiary, a third party beneficiary, or otherwise.

The edition of the guidelines in effect on the date of medical services supersedes all other editions of the guidelines and any other communication, written or verbal. With written notice to the general *membership*, the guidelines may change at any time based on the preferences of the *membership* and on the decisions, recommendations, and approval of the Board of Directors.

An exception to a specific provision only modifies that particular provision, and does not supersede or void any other provisions.

A digital copy of the *Membership Guidelines*, and information regarding amendments and corrections can be obtained by visiting: www.altruhealthshare.org/guidelines.

B Individuals Helping Individuals

Members help individuals with their medical needs, but also, through donations to Altrua Ministries, financially support various charitable and religious organizations and research and development for cures of life threatening diseases. Visit www.altruahealthshare.org/altrua-ministries for more information.

C Monthly Contributions

Monthly contributions are voluntary contributions that are non-refundable. A member's first month's contribution must be received by the 15th day of their first month or the membership will not become effective. Recurring monthly contributions are due on the 1st of each participating month, and become past due after the 15th of that participating month. Any monthly contribution received after the last day of a participating month will incur an administrative fee of \$35.00 as will any monthly contribution returned by a member's financial institution. If a contribution is not received by the 15th of a participating month, the member remains eligible for sharing through the end of that month. On the 1st day of the second participating month that a contribution has not been received, the member is considered ineligible for sharing until that previous participating month's contribution has been received. If a member's monthly contribution is past due for sixty consecutive days from the last participating month's due date, the member becomes ineligible for sharing and the membership will be withdrawn.

As a non-insurance membership, Altrua HealthShare or the membership is not liable for any part of an individual's medical need. In the event that the escrow account does not provide for eligible needs submitted for any sharing month, additional contributions may be requested from the membership. The additional contributions requested will be spread equally amongst that month's participating members. To date, Altrua HealthShare has never requested additional contributions from the membership to share in eligible medical needs.

Members desiring to upgrade their current membership plan may be subject to the enrollment process to determine eligibility. Altrua HealthShare has the sole discretion to approve or decline membership changes. Changes to the membership must be submitted using the Membership Update Form. The form must be received by the 15th day of the current month for changes to be processed for the next month. Approved changes go into effect on the 1st day of the following month.

Members wishing to discontinue participation in the membership must submit a Membership Cancellation Request Form by the 15th day of the month for the cancellation to apply to the following month or future requested month. Cancellations become effective

on the 1st day of the requested month. Contributions will continue to be processed until the cancellation is effective. Should the member fail to follow the Membership Guidelines as they pertain to the membership and later wishes to reinstate their membership, a new application must be submitted for membership as a new applicant.

D Definition of Terms

Member Instructions & Conditions

By submitting monthly contributions, members instruct Altrua HealthShare to share escrowed funds in accordance with the Escrow Instructions. Altrua HealthShare has no gain or loss financially in determining if a need is eligible or ineligible;

designate Altrua HealthShare as the final authority for the interpretation of the Membership Guidelines. By participating in this membership, the member accepts these conditions as enforceable and binding.

A Membership Qualifications

In order to become and remain a member of Altrua HealthShare, a person must meet the following criteria:

01. BELIEFS AND STANDARDS Members share a common set of ethical or religious beliefs as outlined in the *Statement of Standards*. If at any time during participation in the *membership*, a violation of the *Statement of Standards* is discovered or revealed through the review of the *member's* submitted medical records, all *needs* of the *member* in violation, submitted after the *date of service* in which the violation was discovered, will be put on hold. The *member* will be issued an explanation of the violation and allowed 30 days to submit counteracting documentation before being *withdrawn* from the *membership*, rendering all *needs ineligible*. In the event that a *member* is *withdrawn* due to a violation of the *Statement of Standards*, Altrua HealthShare will not return *member* contributions prior to the date of withdraw, because contributions are submitted for *member to member* sharing. *Member* reapplication may be accepted on a case-by-case assessment.

02. MEMBERSHIP COMMITMENT To maintain an active *membership*, a *member* must submit a *Membership Commitment Form* annually to demonstrate their continual commitment to the *membership*, *Acknowledgments*, *Statement of Standards*, *Commitments* and *Escrow Instructions*. The *Membership Commitment Form* is the *member's* responsibility to submit to Altrua HealthShare within 30 days of the *member's* annual renewal date. Any *Membership Commitment Form* not received within the 30 days will cause the *membership* to become inactive until this document has been received.

03. MEDICAL HISTORY The applicant(s) must meet all criteria set forth in the *Membership Enrollment Manual* and *Membership Guidelines*, to be qualified for *membership*, on his/her application date. If, at any time, it is discovered that a *member* did not submit a complete and accurate medical history on the *membership* application, the criteria set forth in the *Membership Enrollment Manual* will be applied,

and could result in either a retroactive *membership limitation* or a retroactive denial of his/her *membership*. *Members* may go through the appeals process to have a *membership limitation* removed by providing medical evidence that they qualify for such removal. *Membership limitations* and denials can be applied retroactively but cannot be removed retroactively.

04. APPLICATION, ACCEPTANCE, AND EFFECTIVE DATE The person must submit a *membership* application and be accepted into the *membership* by meeting the criteria of the *Membership Enrollment Manual*. The *membership* begins on a date specified by Altrua HealthShare. The first month's contribution must be received by the 15th day of their first month for the *membership* to become effective.

05. DEPENDENT(S) Your dependent spouse and your unmarried dependent child(ren) through the age of 22 may participate in Altrua HealthShare under a combined membership, providing they meet the qualification criteria described in the Membership Enrollment Application and the Membership Guidelines. Newborns who are born into the membership via an eligible maternity need are automatically added to your membership without having to meet any criteria in the Membership Enrollment Application. You may choose not to add your newborn by logging into your Member Portal and completing the Self-Pay Maternity Form.

As the Head of Household, it's your responsibility to ensure that each person participating in your combined membership meets and follows the Statement of Standards and the Membership Guidelines. All dependents over the age of 18 are required to sign the Membership Commitment Form within 60 days of receiving the notification. If your unmarried dependent child(ren) has an ongoing need on their 23rd birthday, their membership participation is extended for an additional 90 days, the monthly contribution still applies.

If your unmarried dependent child(ren) wishes to continue participating in the membership once they no longer qualify to participate under a combined membership, they must complete a Roll Off Membership Enrollment Application for their own membership based on the qualification criteria stated in the Membership Enrollment Application.

06. FINANCIAL PARTICIPATION To maintain an active *membership*, a *member* must submit an annual *membership* fee of \$50.00 to Altrua HealthShare, a requested \$25.00 annual donation to Altrua Ministries, and a *monthly contribution* to Altrua HealthShare to be placed into the escrow account for *member-to-member* sharing. Annual *membership* fees to Altrua HealthShare and requested donations to Altrua Ministries are due by the 1st day of a *member's* anniversary month each calendar year. If a *member's* annual *membership* fee is not received by the 15th of their

anniversary date, the *member* will not be *eligible* for having their *needs* shared by other members. If a *member's* annual *membership* fee is not received by the end of the following month of the anniversary date, their *membership* will be *withdrawn*. *Monthly contributions* are to be received by the 1st of each participating month and required to be received no later than the last day of that month. If a *monthly contribution* is not received by the last day of a participating month, an administrative fee of \$35.00 will be assessed. If a *monthly contribution* is not received by the end of a 2nd participating month, the *member* will be *withdrawn* from the *membership*. Any *member* that has been *withdrawn* from the *membership* will be able to re-apply under the terms outlined to them in writing by Altrua HealthShare. Any *member* who allows their *membership* to become inactive three consecutive times will not be able to re-apply for *membership*. Any *member's needs* occurring after they become inactive or before they re-apply for *membership* are *ineligible* for sharing.

07. OTHER CRITERIA Children between 12 months and 18 years of age may qualify for *membership* without their parent's mutual participation on a case-by-case basis as determined by Altrua HealthShare. In these cases, the child's parent or guardian must complete and sign the *membership* application and any associated materials for the child, and is responsible to ensure that all application requirements, *Membership Guidelines*, and *Statement of Standards* are met.

- a** An adopted child may qualify as a *dependent* or *member*, but will not receive preferential treatment under the *Membership Enrollment Manual*.
- b** Non-U.S. citizens under 65 may also qualify for *membership*, as determined by Altrua HealthShare on a case-by-case basis.

B Eligible Needs

Only *needs* incurred on or after the *member's* 90-day waiting period are *eligible* for sharing under the *Escrow Instructions*. The 90-day waiting period begins on the 1st day the *membership* becomes active. The *member's* provider, or the *member*, must submit a request for sharing in the manner and format specified by Altrua HealthShare. This includes but is not limited to: *Needs Processing Form*, industry standard billing forms (CMS 1500 and/or most recent UB form), or itemized statements, if billing forms are not available. If an itemized statement is being submitted for a *need(s)*, the statement must have: Provider's tax ID and name, diagnosis code (DX), procedure code (CPT), billed charges and the *date of service (DOS)*. This is the minimum acceptable information that Altrua HealthShare requires regarding an itemized statement submitted for the sharing of a *member's need(s)*. One or more of these forms may be required, and medical records may be requested. All participating members have a responsibility to

abide by the *Member Rights & Responsibilities* published by Altrua HealthShare, which can be found on page 19 of these guidelines.

01. PRE-AUTHORIZATION The *member* must have the following procedures or services pre-authorized as *medically necessary* prior to receiving the service. The *member* will need to have their provider call the number found on the back of the *membership* ID card. Failure to comply with this requirement will render the service *ineligible*. Pre-authorization does not determine that a *need* is *eligible* for sharing. Verification of eligibility is still required on the following list of *needs*.

The following requires pre-authorization:*

- › Advanced imaging i.e. MRI, MRA, CT, PET, etc.
- › Nuclide studies
- › Cancer testing, procedures and treatments**
- › Ophthalmic surgical procedures
- › Cardiac testing, procedures and treatments
- › Outpatient surgery, testing, and procedures, includes pre-admission testing
- › EMG/EEG
- › Skilled nursing facility admissions
- › Infusion therapy
- › Sleep studies
- › Inpatient hospital admissions
- › Ultrasounds
- › Long term care—any and all treatments involved
- › Medical Tourism

02. ER VISITS, EMERGENCY SURGERIES, PROCEDURES OR TESTS Non-emergent use of the emergency room is *ineligible*. Medical records will be reviewed for all ER visits to determine eligibility. An emergency is defined as treatment that must be rendered to the patient immediately for the alleviation of the sudden onset of an unforeseen illness or injury that, if not treated, would lead to further disability or death. Examples of an emergency include, but are not limited to; severe pain, choking, major bleeding, heart attack or a sudden, unexplained loss of consciousness. Altrua HealthShare must be **notified of all emergency room visits within 96 hours** of discharge by contacting the Member Services department and by submitting the *Needs Processing Form*. Applies to Gold Plus members only.

03. MEDICAL TOURISM If a *member* chooses to leave the United States specifically for the purpose of receiving healthcare in another country, the *member* must first contact the Eligibility Department of Altrua HealthShare. All medical procedures outside of the United States must be pre-authorized by Altrua HealthShare in order for that *need* to be considered *eligible* for sharing. *Membership plan* applies.

For Gold Plus members: Listed needs are *ineligible* within the first 90 days unless the need is for an ER related accidental injury, ER related life-threatening symptom(s) or ER related *eligible* surgery that has occurred after the *effective date* and does not fall under the category of recreational activities. Bronze Plus members: List applies to *eligible* inpatient hospitalization services only. (See D. Sharing Limits, #01)

Ineligible for sharing for a minimum of 1 year from the *effective date*. (See B. *Eligible Needs*, #05)

All other medical procedures/treatments received outside of the country (e.g. vacation) NOT related to *medical tourism* will be subject to eligibility requirements.

If a *member* is treated outside the United States, the entire itemized medical bill must be translated into English and converted into U.S. dollars. The *member* must review the medical bill and assume responsibility for all needed charges as a self-pay patient. Finance charges and currency exchange fees are not *eligible* for sharing.

04. CASE MANAGEMENT In the event a *member's* condition is expected to be, or is, of a serious nature, Altrua HealthShare reserves the right to arrange for case management to oversee the treatment of the individual. Altrua HealthShare may alter or waive normal *Membership Guidelines* provisions when expecting a cost effective result, without sacrificing the quality of care. The use of case management is voluntary for the *member*; however, non-compliance of the case management's recommendation could result in the *need*, or related *needs*, to be *ineligible*.

05. ELIGIBILITY FOR CANCER NEEDS Cancer diagnosis, cancer testing, or treatment within the first 12 months of the *member's effective date* will render that cancer *need(s)* *ineligible* until the *member's* one year anniversary. In order for *needs* related to ANY type of cancer to become *eligible*, the following applies:

- ▶ Female members, age 40 and over, are required to get screening tests every two years from the date of last negative test result, while on the *membership*: mammogram, or ultrasound in place of mammogram, and pap-smear with pelvic exams for female members. Male members, age 50 and over, are required to get a PSA blood test every two years from the date of last negative test result. Failure to obtain the biennial tests listed above will render future *needs* for breast, cervical, endometrial, ovarian and prostate cancer *ineligible*. The biennial tests must be performed within 24 months of their last clean test result and submitted to Altrua HealthShare.
- ▶ Breast, cervical, endometrial, ovarian and prostate cancer related *needs* will be *eligible* for sharing after 1 year, if clean test results were received by Altrua HealthShare within 30 days of the *effective date*, or 1 year from the date that Altrua HealthShare receives and approves clean test results.
- ▶ The *member* is required to contact Altrua HealthShare within 30 days of any cancer diagnosis by submitting the *Needs Processing Form*. If the *member* fails to give notification within 30 days, the *member* will be responsible for 50% of the total allowed charges after the *MRAs* have been assessed. *MRAs* according to *membership plan* applies.

C Ineligible Needs

01. Any *needs* prior to the 90-day waiting period, which begins on the 1st day the *membership* becomes active.*

D Sharing Limits

Total *eligible* needs shared from escrowed funds are limited as defined in this section and as further limited in writing to the individual member. Sharing limits are subject to pre-existing and membership limitations. The *MRAs* may apply to the provisions listed.

Bronze Plus Membership

Bronze Plus members are responsible for the first \$5000 of each qualifying incident before the balance of the *need* is shared by the *membership*. Only qualifying *needs* incurred for inpatient hospital treatment or for surgery (including one-day surgery centers) may be submitted. Qualifying *needs* may be shared for multiple treatments for the same conditions as one incident in a calendar year. These *needs* must meet all other criteria, including the applicable *member responsibility amount*. For *needs* to be shared, no more than 90 days must elapse between hospital visits or related qualifying tests ordered by the doctor. Office visits, *preventative care*, tests, *maternity*, chiropractic care, physical therapy, emergency room care, or *needs* related to any of these services are not *eligible* for sharing. Pre-Authorization is only *eligible* for inpatient hospitalization services. Discounted prescription program is available.

Gold Plus Membership

Gold Plus members are responsible for the first *MRA* of \$500 per person, per calendar year before the balance of a *need* is shared by the *membership*. The *member* is also responsible for a 2nd *MRA* of 25% of the next \$10,000. The *membership* shares simultaneously in *eligible needs* as the *member's* 2nd *MRA* is being met. Once all *MRA*s are met, *eligible needs* are shared at 100% (includes office visits, testing, inpatient hospitalization, outpatient surgery, outpatient therapy and emergency room care). Preventative care services are not to exceed a maximum of \$400 per person, per calendar year. A discounted prescription program is available.

01. AMBULANCE The amount shared for ground transportation will not exceed \$3,000 and transportation by air will not exceed \$10,000.

ORGAN TRANSPLANTS *Eligible needs* requiring an organ transplant may be shared up to a maximum of \$150,000 per *member* per lifetime, not to exceed the maximum sharing limit of a *membership plan*. This includes all costs in conjunction with the actual transplant procedure. *Needs* requiring multiple organ transplants will be considered on a case-by-case basis. *Membership plan* applies.

03. OUTPATIENT THERAPY Treatments are limited to a combined 20 visits in a calendar year. Services are subject to the 1st and 2nd *MRA*, and include; occupational therapy and speech therapy. Physical therapy is only *eligible* if the *need* is associated with an *eligible* surgery or *eligible* accidental injury within the first 12 months from the *effective date*. Chiropractic care is not *eligible* for the first 12 months from the *effective date*. Applies to Gold Plus only.

04. OVERNIGHT SLEEP TESTING Sleep studies for sleep apnea require pre-authorization and are *eligible* for sharing, but limited to a one-night study done in either a facility or at home. If the home study is done but requires additional testing in a facility, it must be due to medical necessity and is subject to review by a *licensed medical professional*. *Membership plan* applies.

05. PROVIDER REQUIRES SELF-PAYMENT *Members* should ask their provider to follow the instructions on the back of their *membership* card. If for any reason, the provider chooses to not accept the card, the *member* should contact Altrua HealthShare and try to obtain a self-pay discount. The *member* will be reimbursed for discounted self-payments, if the *need* is *eligible*. *MRA*s apply. If a self-pay discount is not obtained, up to 50% of the *UCR* will be applied to the 1st then 2nd *MRA*, and any credit balance reimbursed to the *member*. Submitted *needs* must include the provider's tax id number, diagnosis codes (ICD-10), procedure codes (CPT), billed amount, and receipt for proof of payment. Reimbursement to the *member* will not be made if there is an outstanding balance to the provider(s).

07. RECREATIONAL ACTIVITIES SHARE INCREASE *Members* may choose to submit an additional one-time contribution of \$300.00 to increase the shared amount to a maximum of \$25,000 per *eligible member*, for 365 days. The share increase renders *needs* for recreational activities *eligible* during the first 90 days of *membership*. The share increase does not apply to the *household*. The contribution must be submitted for each *member*. The *Recreational Activities Share Increase Form* may be submitted at any time during the year and the share increase will go into effect on the 1st of the following month for the *member* in which it applies. The share increase will be effective for 365 days and will not auto renew. **

08. RECREATIONAL VEHICLES Injuries resulting from a recreational vehicle will be shared up to a maximum of \$10,000 per *need*. A recreational vehicle is a licensed or unlicensed motor vehicle operated on land or water (including ATVs, snowmobiles, motorized scooters, boats, jet skis, etc.), or a licensed motor vehicle with less than four wheels (including motorcycles) excluding motor homes, 5th wheels, and bumper pull RVs. The vehicle's operator(s) must be insured by a third party for any *needs* to be *eligible*. Altrua HealthShare will only consider the *needs eligible* once they have been processed by the liable third party. **

09. SCREENING COLONOSCOPIES Testing will be allowed one (1) time per year, not to exceed three (3) per *membership* lifetime for male and female members age 50 and over. Exceptions may be made for members under 50 with a family history of colon cancer, and the *member* must provide documentation from the referring medical doctor. *Membership plan* applies.

10. TEMPORARY LONG TERM CARE Care may not exceed 40 visits or days each year, and must be pre-authorized. Long term care or skilled nursing facility use is *eligible* if treating an injury or illness. All services must be rendered by a skilled or *licensed medical professional*. Applies to Gold Plus only.

E Coordination of Sharing

Not eligible for sharing during the first 90 days after the effective date unless a Recreational Activities Share Increase Form is submitted for each member needing the share increase.

*MRA*s must be submitted before Altrua HealthShare will begin sharing on the member's behalf. *Membership plan* applies

Needs do not qualify for sharing to the extent that they are payable by other resources such as health insurance, Medicare/Medicaid, VA, Tricare, private grants, or by a liable third party (auto, home insurance, educational, etc.). MRAs will be subject to the *member's* liable amounts, after any discounts or third party payments are made.

Sharing by the *membership* for a *need* that is later paid or found to be payable by an institutional source or third party, automatically allows Altrua HealthShare full rights to recover any and all amounts shared on behalf of the *member*.

If the *member* does not cooperate fully and assist Altrua HealthShare in determining if his/her *need* is discountable or payable by another party, the *need* will be *ineligible*. The *member* will have 120 days from the initial point of contact from Altrua HealthShare to respond with verification of requested information. If the *member* does not respond within the requested time, the *needs* will be deemed *ineligible* for sharing.

01. CURRENT MEMBERS QUALIFYING FOR MEDICARE Any person who has or becomes *eligible* for Medicare Part A and/or Part B, due to disability or age, will need to notify Altrua HealthShare before coverage with Medicare begins. Altrua HealthShare will request a copy of the *member's* Medicare certificate of coverage.

- a** For current members who qualify for Medicare, the *membership* is available if the *member* has Part A only or Part A and B. The *member* will be placed on a Gold Plus *membership plan* and will have an individual *household* status of *member*, becoming a single *member*. Please call Member Services for current contribution amounts.
- b** Altrua HealthShare will require the Medicare Explanation of Benefits (EOB) before the *membership* will share on the *member's* behalf.

02. MEMBERS WITH OTHER HEALTH COVERAGE (OHC) Altrua HealthShare will only share after the OHC. The other carrier's Explanation of Benefits (EOB) will be required before the *membership* shares in an *eligible* medical *need*. If a current *member* ends or begins the OHC, they must notify Altrua HealthShare. Proof of coverage from the carrier will be required for our records.

F Maternity

When a *member* becomes pregnant, the *member* must notify Altrua HealthShare to verify eligibility. Notification of a confirmed pregnancy from a *licensed medical professional* must be received within 30 days by submitting a completed *Maternity Form* (www.altruahealthshare.org/resources). A *member* with an *eligible* maternity *need* has

the choice to select the "Self Pay Maternity" option on the *Maternity Form* or have the provider(s) submit all medical *needs* on behalf of the *member* to Altrua HealthShare. Failure to notify Altrua HealthShare of pregnancy could result in the *maternity needs* being *ineligible* for sharing.

- › Female members of Altrua HealthShare, who are married and have been on a Gold Plus membership, combined with the spouse or child(ren) for 10 consecutive months—prior to conception—are *eligible* for maternity.
- › Sharing for maternity starts at the time of conception through delivery for the mother and newborn.
- › The membership share amounts for maternity are as listed below: *

 - a** \$4,000 per pregnancy for a normal delivery
 - b** \$6,000 per pregnancy when a delivery by cesarean section that is *medically necessary*

- › Sharing amounts apply to miscarriages.
- › If the member elects to use a licensed midwife for delivery, Altrua HealthShare requires that the licensed midwife test for group B strep prior to delivery. Any complications to the mother or newborn, due to the failure to test for group B strep, will deem those *needs* *ineligible*.
- › Bronze Plus members' maternity *needs* are not *eligible* for sharing. If Bronze plus members desire to conceive and want maternity to be *eligible* for sharing, the membership plan would need to be upgraded to Gold Plus a minimum of 10 months prior to conception to be *eligible* for sharing.
- › Any complications that arise for a mother and infant during an *ineligible* pregnancy will deem all *needs* related, *ineligible*.
- › Maternity benefits do not apply to adoption.

The shared amounts do not apply to the member's 1st or 2nd MRA.

01. COMPLICATIONS DURING PREGNANCY A complication of pregnancy is a disease or condition that is distinct from pregnancy but is adversely affected or caused by pregnancy, and occurs during the pregnancy and not just at the time of labor or delivery. Complications that threaten the life of the mother and child that require care or services not normally rendered during pregnancy, will be subject to medical review and apply towards the mother's MRAs.

Complications of pregnancy such as false labor, occasional spotting, *licensed medical professional* prescribed rest during the pregnancy, and comparable severity associated with management of a difficult pregnancy will apply to the *Maternity* sharing limits.

02. COMPLICATIONS DURING DELIVERY Any life-threatening complications pertaining to the newborn during and after the delivery will be subject to the child's MRAs. As such, any life-threatening complication for the mother will be reviewed under her MRAs. The *maternity* sharing limit will cease to apply and the *needs* will apply to the MRAs. An internal review of medical records will be required.

03. HOW MATERNITY APPLIES TO THE NEWBORN An *eligible maternity* for the mother will result in the newborn being *eligible* for sharing as a *dependent* on the *membership*. While the newborn is in the hospital, and under non-life-threatening circumstances, the *maternity* sharing limits apply.

The newborn will be added to the *membership* when born. Any *membership* changes, as a result of the newborn, that would increase the *member's monthly contribution* amount, will be incurred the month the newborn is delivered.

If a *member* does not wish to have their newborn automatically enrolled in the *membership*, the *member* must notify Altrua HealthShare immediately by selecting the option on the *Maternity Form* and submitting the request to Altrua HealthShare before the newborn is 30 days old. Additional contribution amounts will not be refunded for failure to comply.

If the *member* chooses not to have the newborn auto enrolled, but at a later date, desires for the infant or child to be added to their *membership*, the infant or child will be subject to the application process and the *member* may apply on behalf of the infant or child once the infant or child is over 30 days old. All provisions of the application process will apply and medical record review will be required.

If the pregnancy *needs* are *ineligible*, the newborn will be subject to the application process and the *member* may apply on behalf of the infant or child once the infant or child is over 30 days old. All provisions of the application process will apply and medical record review will be required.

Pre-Existing Conditions

Any pre-existing conditions will be shared at the following:

- › 1ST YEAR \$0
- › 2ND YEAR \$0
- › 3RD YEAR Up to \$25,000
- › 4TH YEAR Additional \$25,000
- › 5TH YEAR Additional \$100,000

G Appeals

If a *need* is denied as *ineligible*, and there is a dispute, the aggrieved *member* may seek reconsideration only through the appeal procedure described herein. Regardless of the potential outcome of an appeal, the existence of this appeal procedure should not be interpreted as creating any expectation of sharing or a legally enforceable right or entitlement since there are no contractual promises of sharing under the *Membership Guidelines*. Rather, the procedure is a method by which the *member* can be sure that Altrua HealthShare is sharing *monthly contributions* in accordance with the *Escrow Instructions* and *Membership Guidelines*.

APPEALS Most situations can be resolved simply by calling Altrua HealthShare. A Member Services representative will try to resolve the matter, usually within 10 business days. Denials due to a retroactive decline for *membership* or a *membership limitation* are reviewed again only if the aggrieved party submits a formal appeal.

The aggrieved party may formally appeal any denied *need* by contacting the Member Services Department for a complete description of the formal appeal procedure. To qualify for an appeal, a *member's* appeal should address at least one of the following three questions:

- 01.** What information does Altrua HealthShare have that is either incomplete or incorrect?
- 02.** How does the member believe Altrua HealthShare has misinterpreted the information already on hand?
- 03.** What provision in the Altrua HealthShare Membership Guidelines does the member believe Altrua HealthShare applied incorrectly?

Appeals submitted more than 90 days from the date of denial will not be considered. The appeal is reviewed first by a supervisor at Altrua HealthShare, then, if necessary, by the Appeals Board.

H Escrow Instructions

The *membership* directs Altrua HealthShare, as an escrow agent, to hold the *member-to-member* sharing contributions received by Altrua HealthShare, in an escrow account at an accredited financial institution. Those *monthly contributions* are then distributed for the purpose of medical *needs* sharing on behalf of the members pursuant to the following *Escrow Instructions* and in the following order;

(i.) To pay the expenses of operating the *membership*, including all of the *needs* necessary for Altrua HealthShare to provide for the continued viability of the *membership*; (ii.) To share *eligible needs* pursuant to the *Membership Guidelines* as modified by Altrua HealthShare, and as interpreted and applied by Altrua HealthShare; (iii.) In the event the *membership* is to be *withdrawn*, and after Altrua HealthShare determines that the funds held in escrow are sufficient to pay for the items listed above, any remaining funds shall be disbursed to qualified charities, as determined by Altrua HealthShare.

Altrua HealthShare may deposit or otherwise hold the escrowed contributions in one or more common bank accounts with escrowed contributions from other *membership* participants, until they are distributed pursuant to these instructions. Interest or other earnings on the escrowed *monthly contributions* shall become escrowed *monthly contributions* and shall be held and disbursed pursuant to these instructions. Altrua HealthShare shall not be obligated to invest the escrowed *monthly contributions*, provided; however, that if the escrowed *monthly contributions* are invested, Altrua HealthShare shall not be liable for substandard returns or for losses. Also, as a condition of receiving and distributing the *monthly contributions*, Altrua HealthShare must report to the *membership* who the *monthly contributions* are given to.
